01 CONSTRUCTION

TOP COVER	Material	**Rubber or polyurethane to suit**

PU — ONE LAYER
homogeneous, no fabric

CROSS-SECTION — NOT TO SCALE

03 APPLICATION

Has been the leading supplier of truly endless Caterpuller belts in North America for over 25 years. Specializing in high wear applications, supplies a complete range of products for the plastic extrusion industry. Working directly with the end users and original equipment manufacturers, our family of industry specific products have been proven in durability and reliability. Truly endless: No seam or splice Rubber compounds specifically designed for the ex

Oriontek service: supplied endless-joined, open-length or fabricated with profiles, sidewalls, cleats and V-guides. Onsite splicing available.

NOTES (1) Operating the belt at its limit values may reduce service life. (2) Minimum pulley diameters depend on belt tension and on the splice or fastener specified by Oriontek.

DISCLAIMER Values are nominal. They describe the product as tested and do not necessarily reflect conditions of industrial use, nor do they guarantee suitability for a specific application. The customer remains responsible for correct selection and use. Oriontek cannot be held liable for damages arising from use of this product. Specifications may be revised without prior notice.
